H. J. (CINDY) LIM

Instructional Designer | Online Course Development | Canvas | Accessibility | AI in Learning
hjcindylim@gmail.com | linkedin.com/in/hj-cindylim

SUMMARY

Instructional designer and educator with 16+ years of designing and teaching face-to-face, online, and blended courses, mostly in higher education, with a Graduate Certificate in Instructional Design and Quality Matters training. Builds Canvas courses and templates that meet accessibility standards, writes rubrics and assessments, and uses course data to recommend revisions. Ph.D. research and current workshop design focus on generative AI in teaching and learning.

SKILLS

Design: course and curriculum design, workshop design, outcomes-aligned assessment, rubric design, Quality Matters standards, usability testing (HCI co-major)
Quality and accessibility: WCAG 2.1 AA and ADA Title II course review, Ally, HTML/CSS page edits, user documentation and how-to guides
Platforms: Canvas (admin role, Blueprint, Canvas Studio, DesignPlus), Blackboard, Moodle, Google Classroom, Google Workspace
AI tools: Claude, Google Gemini, Google AI Studio, Google Flow, Tripo3D
Evaluation: pre- and post-course diagnostics, item analysis, learner data reporting, post-event evaluation

EXPERIENCE

Iowa State University | Ames, Iowa — August 2021—Present

Graduate Assistant, AI Innovation Studio, Student Innovation Center — August 2026—Present

- Co-develop and co-facilitate a five-workshop Applied AI series for students, faculty, and staff, offered twice each semester.
- Redesigned the AI-assisted making workshop as a sketch-to-3D-print workflow.
- Co-lead the AI Fluency workshop and proposed separate beginner and advanced tracks; facilitate the AI-generated media sessions.
- Set up a public Canvas site for the workshop series so participants can return to materials and keep working after each session.
- Produced open house learning materials (looped station videos, iPad slide decks, handouts, a facilitator run sheet) and one-pagers for faculty and campus partners.
- Built a start page for the Studio's laptops through AI-assisted coding (Google AI Studio, Claude), arranged a security review before launch, and backed up the code in GitLab.

Instructor and Teaching Assistant, Teaching English Academic Writing — June 2023—August 2026

U.S. Department of State Online Professional English Network (OPEN), administered by FHI 360

- Taught eight-week global online courses for international EFL teachers on process writing, argumentation, and source integration; revised content and rubrics to address AI use.
- Wrote end-of-term delivery reports covering pre- and post-course diagnostics, module-level item analysis, and portfolio performance against course outcomes.
- Analyzed quiz data across sections and recommended course revisions that the teaching team implemented in later terms.

Online Learning Team Member, Department of English — August 2022—August 2026

- Maintained and synced Canvas Blueprint templates for ISUComm's multi-section Foundations, Advanced Communication, and Speech Communication courses, including online, face-to-face, learning community, and accelerated 8-week summer versions, working with program directors to keep delivery consistent.

- Helped faculty bring Canvas courses in line with new federal accessibility requirements (ADA Title II, WCAG 2.1 AA), including HTML/CSS page edits.
- Wrote web-based documentation and Canvas Studio instructional pages for faculty; led orientations and workshops on Canvas and related tools.

SEGi University | Petaling Jaya, Malaysia September 2015—June 2021
Double-degree program with the University of Central Lancashire, UK
Lecturer and Practicum Coordinator

- Taught 500+ undergraduates in face-to-face, online, and blended courses in TESL methods, educational technology, literacy, and communication.
- Developed and revised the B.Ed. (TESL) program syllabus.
- Built interactive course materials in Blackboard, Google Classroom, Socrative, and SMART Board, and consulted with faculty developing courses that served 300+ students each semester.
- Ran educational technology workshops as the university's first and only Google for Education Certified Trainer.

Earlier: Instructor, Iowa State first-year communication courses (2021—2023); Lecturer, HELP University (2013—2015); English Teacher and national UEC examiner, Chong Hwa Independent High School (2010—2012).

EDUCATION

Iowa State University | Ph.D. in Applied Linguistics and Technology Expected 2027
Co-major: Human-Computer Interaction
Dissertation research: how first- and second-language undergraduates use generative AI to revise academic writing

Iowa State University | Graduate Certificate in Instructional Design

Universiti Putra Malaysia | Master of Applied Linguistics 2012

Universiti Tunku Abdul Rahman, Malaysia | B.A. (Hons.) English Language 2009

CERTIFICATIONS AND LANGUAGES

- Quality Matters: Independent Improving Your Online Course; Independent Introduction to Quality Matters
- Google for Education Certified Trainer and Certified Educator
- Anthropic Claude Academy: AI Fluency: Framework & Foundations (2026)

Languages: English and Mandarin Chinese (native/bilingual); Malay (professional working); Cantonese (conversational)
